## THE CALMEST SUP & KAYAK WATERS IN DUBAI

### **BIRTHDAY PARTIES**

The best beach themed party place in Dubai! We organise everything so all you need to do is turn up and have fun.

IGNITE Surface provides an experience every kid will remember for a long time! You do not have to be an experienced paddle boarder or water person. If you can swim and you can walk or sit comfortably, you can paddle board. Think outside the box for your

group entertainment and celebrations and book your next party with us and let's go check out our local waterways! Our parties differ from our group paddle board lessons by adding fun challenges for the participants and by spending more time on the beach for the festivities
